

Alfapor

Composition:

Each ml contains:

20 mg cypermethrine high, cis.

Indications :

Powerful and quick acting ectoparasiticide, acting against ticks, lice and flies in cattle, sheep, goats, pigs, dogs, etc.

The product is also active in cases where other products on basis of organophosphorous compounds have built up resistance.

Administration/dosage:

Ready for use solution;

Apply by drawing a line of the product on the back of the animal or on places where large infestations of parasites are found.

Cattle and camels : 8-10 ml per 100 kg bodyweight

16-20 ml per 200-300 kg bodyweight

25-20 ml for animals of more than 300 kg bodyweight

Sheep, goats, pigs : 1 ml per 5 kg bw with a maximum of 20 ml

Repeat treatment after 4-6 weeks as need may be.

Precautions:

Keep out of reach of children. Wash hands thoroughly after use.

In case of eye contact: rinse with plenty of clean water for at least 15 minutes.

Conservation:

Store dry, dark and cool in original unopened packing.

Presentation:

Per 20 x 500 ml
