

Alfadigest forte

Composition:

Each 75 gram of hydrosuspensible powder contain:

Calcium propionate 25 g
Sodium propionate 37 g
Gentian root powder 2 g
Sodium molybdate 10 mg
Cobalt sulphate 45 mg
Copper sulphate 45 mg
Iron sulphate 45 mg
Manganese sulphate 25 mg
Zinc sulphate 15 mg
Sodium chloride to 75 g

Indications:

Alfadigest forte normalizes and stimulates the digestive function of cattle, sheep and goats in case of disorders due to change in feed, intoxicated feed, ketosis or indigestion in general. Stimulates recovery in case of diarrhoea.

Gentian root powder stimulates the action of the rumen and enhances the beneficiary action of Alfadigest forte.

Administration/dosage:

Suspend the powder in the drinking water and administer with a bottle or cup:

Cattle, camels : 40 to 150 g (1/2 to 2 sachets) per treatment.

Calves : 40 to 75 g (1/2 or 1 sachet) per treatment

Sheep, goats : 25 g (1/3 sachet) per treatment.

Advised withdrawal times:

none

Conservation:

Store dry, dark and cool.

Presentation:

sachet of 75 g.
